

## Hextron Beta Test Feedback form

This is a review document for the testing of Hextron, this means you have been selected to try out Hextron and provide input so that improvements can be made. Please be 100% honest with your input so that accurate information can be received and thank you for making Hextron a better game.

1. What are your initial impressions after playing the game and name 2 features that stood out

2. Was the game enjoyable? If yes please elaborate on the points that improved the game, if not what parts made the game not fun.

3. Is there any improvements that you feel could be made to improve your playtime or any features missing.
